during the duration of data intake (media, links, docs are close to 1000 in digits).

over 2.66GB of data has been transmitted or either transported

we got an overall chat of 13526 chat in a space of 1months

number stats and activities of true love unites update will be gradually be inputted

1)

• taken by R.O.A

HAS A NUMBER OF 73 MEMBERS AND STILL COUNTING

[illegible]

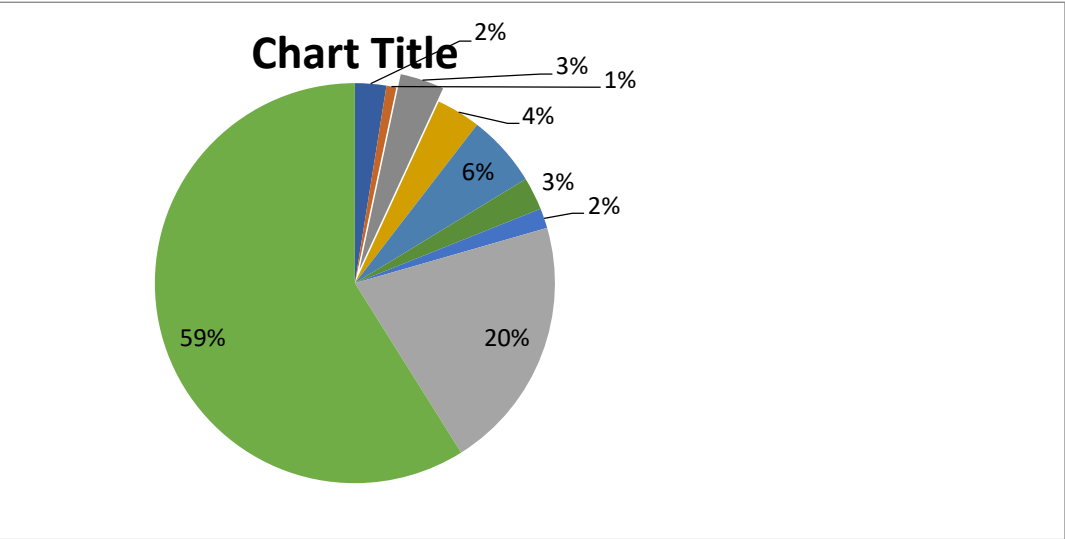

in the group we are expected to be take on that all memebers in the group
not for those that have failed to realy comeout of their shell so there wont any annonymosity
and sincerely speakig the stat is really below average for the numbber of people in the group
a group from the mondat to sundays activities(business idea|.

over 200 porn videos as been deposited into the group in the durations of this data

[illegible]

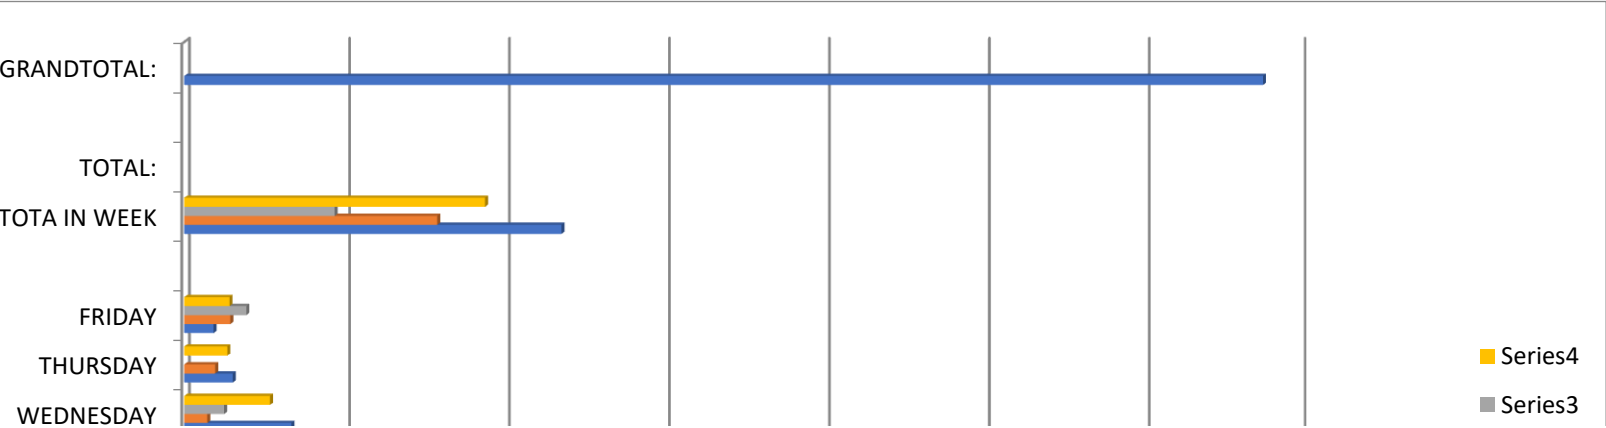

s on good job to all members of the group from the admins to the non-admins that as made the group interesting
